DETAILED ACTION

Claim Objections

1. Claim 10 is objected to because of the following informalities: "bar , said" should be "bar, said". Appropriate correction is required.
2. Claims 11-19 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claims 11-19 depend on cancelled claims 1, 3, 5, 7. Claims 11-19 are not treated further on the merit.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 10 is rejected under 35 U.S.C. 102(b) as being anticipated by Goodwin (cited by applicant, '454).

cl. 10: cutter bar of a cutting device comprising: longitudinal axis (fig 1), finger bar (1), reaping fingers forming counter cutting edges (cutters 2), knife having knife bar (4) & blades (knives 5) having cutting edges guided along transverse axis (fig 1),

It has been placed in the application file, but the information referred to therein has not been considered.
